

INDIAN COPPER DEVELOPMENT CENTRE

invites you to the

ICDC WEBINAR

on

“Proper Selection & Installation of Refractory – Key to Efficient Melting of Copper & Copper Alloys”

Date : Wednesday, the 24th March, 2021 Time : 2.30 – 4.30 pm (IST)

SPONSORS

Allied Refractory Products India Pvt. Ltd.
and
Calderys India Refractories Ltd.

OBJECTIVE : Survival and growth of the industry depend to a large extent upon measures taken for cost effectiveness which is linked with improving process yield and maintaining quality of the products.

Since melting is the first manufacturing stage for most of the copper and copper alloy products and Refractories are most important in Melting Furnace, - the OBJECTIVE of the Webinar is to listen to the domain experts and interact on best practices for selection and installation of refractories.

Programme will be of benefit to both primary copper producers as also downstream product manufacturers.

SPEAKERS : Experts from

Allied Refractory Products India Pvt. Ltd.
and
Calderys India Refractories Ltd.

HOW TO PARTICIPATE :

Interested participants need to confirm by returning the attached Registration Form by 22nd March, 2021.

LINK for participation will be sent to the registered participants only.

PARTICIPATION FEE :

- Representatives of ICDC Member Industries can join this Introductory Webinar without any participation fee. However, advance confirmation is required to get the LINK.
- Non-members need to pay Rs.500/- + 18% GST per participant as Registration Fee.
- The payment can be made through bank transfer to the following Bank account :

Name of Bank	:	INDIAN BANK
Address	:	5-B, Russell Street, Kolkata – 700071
Account Holder Name	:	INDIAN COPPER DEVELOPMENT CENTRE
S. B. A/c. No.	:	417875288
IFSC Code	:	IDIB000R024
